Portable Gas Heaters

## A classic, efficient way to warm your home

The Granada 252 Radiant gas heater offers a highly efficient heating solution for your home.

Compact in size, the Granada 252 packs a powerful heat output and combines the comfort of radiant heat with low forced convection heating.

Granada 252 - silver

### Radiant Convector

- Easy radiant warmth combined with a powerful fan
- Compact design makes it easy to move from room to room and store away
- Electronic ignition for guaranteed lighting every time
- Top mounted push buttons for ease of operation

Granada 252 - white

### Additional Features

#### Tilt switch

This handy safety feature senses if the heater is knocked over and activates the kill switch to cut off the gas supply immediately.

#### Flame failure device

If the flame goes out during operation, the flame failure device cuts the gas off.

#### Dress guard

All heaters are fitted with a dress guard to reduce the risk of burns.

#### Oxygen depletion sensor

In the unlikely event the oxygen level in the room falls below a pre-set level, the oxygen depletion sensor turns the heater off. This can be caused if the heater is used in a room too small or there is a lack of ventilation.

### Specifications

Model	Heating Capacity (kW)			BTU/hr Heating Capacity	BTU/hr Max Output	Colour	Energy Use (litres/hr)			Efficiency (%)			Max Fuel Flow	Max Output (litres/hr)	Label
